

I Pink Noise nascono nell'estate del 2006, con l'intento di realizzare un light-show in stile floydiano. Il repertorio spazia tra gli album più celebrati dei Pink Floyd, da "Wish You Were Here" a "The Wall", passando per "Animals" e "The Dark Side Of The Moon", fino ai lavori più recenti del dopo Waters.

Davvero interessanti sono le molte incursioni nei primissimi lavori della mitica band britannica, nei periodi pre e post Barrett. La passione per i Pink Floyd e la sperimentazione sonora hanno portato anno dopo anno al perfezionamento dello spettacolo con il raggiungimento della line-up attuale, che vede impegnati sul palco dieci musicisti, con una costante ricerca di effetti audio-visivi per uno show più coinvolgente e psichedelico possibile.

*Pink Noise are born in the summer of 2006, with the intention of making a floydian style light-show. The repertoire ranges through the most famous Pink Floyd album, from "Wish You Were Here" to "The Wall", "Animals" and "The Dark Side Of The Moon", to the most recent post-Waters works. Really interesting are the many raids in the early works of the legendary British band, in pre- and post-Barrett periods. Passion for Pink Floyd and sound experimentation led year after year to the improvement of the performance with the achievement of the current line-up, which involves ten musicians on stage, with a constant audio-visual effects search for a show more engaging and psychedelic possible.*
